

## How To Adhere A Strapless Thong

**1** Prepare materials. Garment, Scissors, INTIMASK® Body Tape, INTIMASK® Tone Tape. Cut to length.

**2** Attach INTIMASK® Body Tape to reverse of garment at top and thong tail.

**3** Ensure skin is clean, dry and free of product. Attach to performer's body at front lower abdomen. Press to secure.

**4** Secure thong tail between buttocks in intergluteal cleft. INTIMASK® Tone Tape can be added for extra security.

**5** Attach INTIMASK® Tone Tape to front of garment and abdomen. Press to secure.

**6** Additional tape can be added at the sides for extra security.

**7** Add tape between buttocks for additional security. Thong tail and tape are concealed in intergluteal cleft.

### Additional Tips From Our Product Team

Stage 2 - you can also wrap the tail tip fully with INTIMASK Body Tape.

Stage 4 - Placement of thong tail should be attached above the anus and hidden between the Gluteal Muscles.

Print this handout and give it to the Performer or Costume Dresser as guidance.
