

INTIMASK®

How to adhere a strapless thong

1 Prepare the materials. Garment, Scissors, INTIMASK® Body Tape, INTIMASK® Skin Tone Tape. Cut to length.

2 Attach INTIMASK® Body Tape to the reverse side of the Garment at the top edge and Thong tail.

3 Ensure skin is clean, dry and free of products. Attach to the lower abdomen. Press to secure.

4 Secure thong tail between the buttocks, above the anus and hidden between the Gluteal muscles.

5 Attach INTIMASK® Skin Tone Tape to the front of the garment and abdomen. Press to secure.

6 Add INTIMASK® Skin Tone Tape to the sides of the garment for extra security.

7 Add tape between the buttocks for additional security, ensuring the thong tail and tape are concealed in the intergluteal cleft.

ADDITIONAL TIPS

- Stage 2 - you can also wrap the tail fully with INTIMASK® Body Tape.
- Print this handout and give it to the Performer or Costume Standby as guidance.
